

Wyoming Secretary of State

Edward A. Buchanan
Secretary of State

Karen L. Wheeler
Deputy Secretary of State

July 5th, 2018

US Election Assistance Commission
1335 East-West Highway, Suite 4300
Silver Spring, MD 20910

Members of the US Election Assistance Commission:

The Wyoming Secretary of State's Office stands ready to utilize the recently awarded 2018 HAVA Elections Security Grant Funds in a manner that will address the most pressing needs as they relate to the security of elections and the perception of the integrity of the election process.

In November of 2017, our Office partnered with the Wyoming County Clerk's Association to initiate the formation of the Plan for Aging Voting Equipment (PAVE) Task Force. This Task Force is comprised of members from the Wyoming Secretary of State's Office, state legislators, county clerks, and county commissioners - those best suited to discuss the dire need of updating our aging voting equipment. The objective of the Task Force has been to "determine how best to identify, acquire, and fund the replacement of voting equipment." Since our Office has already started the process of assessing the needs of Wyoming counties, we will continue to work with the PAVE Task Force to effectively appropriate the 2018 HAVA Elections Security Grant Funds.

The Wyoming Secretary of State's Office has been allocated \$3,000,000 with a five percent state match requirement of \$150,000 totaling \$3,150,000. Wyoming will use these funds to replace outdated voting equipment originally purchased with HAVA Funds in 2005, and enhance the state and county cybersecurity infrastructure, where necessary.

The majority of funds received, \$2,850,000, which includes the \$150,000 state match, will be utilized in conjunction with the ongoing efforts of the PAVE Task Force to purchase new voting equipment for Wyoming counties. The goal is to replace outdated voting equipment prior to the 2020 election year cycle, barring no changes to the current voting method. If there are changes to the voting method, the goal would be to have the equipment replaced prior to the 2022 election year cycle. The new voting equipment would be certified at the most current Voluntary Voting Systems Guidelines as adopted by the Election Assistance Commission.

The remaining \$300,000 of federal funds will be used towards enhancing cybersecurity infrastructure throughout the State. Our Office will continue working with counties in an effort to identify cybersecurity issues at the county level. If vulnerabilities are identified, the Secretary of State's Office will work with counties to analyze the findings, determine the level of priority, and use these funds to address those vulnerabilities. Depending on several factors, the funds may be used immediately or in a timeframe more appropriate to the specific vulnerability. Due to the

ongoing nature of cybersecurity vulnerabilities, we anticipate using these funds over the course of the next 5 years.

Investing in the future of elections is of the utmost importance and these funds will be used to further substantiate the commitment of the Wyoming Secretary of State's Office to ensure that the manner in which we conduct elections remains free, fair accurate and secure.

Sincerely,

A handwritten signature in blue ink that reads "Edward A. Buchanan". The signature is fluid and cursive, with "Edward" on the first line and "A. Buchanan" on the second line.

Edward A. Buchanan
Wyoming Secretary of State
